

GroundWidgets Announces Deem Saturn Integration and Certification

Paramus, NJ – October 5, 2016 - [GroundWidgets](#), a leading ground transportation software and technology development company, and [Deem](#), a leading mobile and cloud technology provider for ground transportation operators, have completed the integration testing and certification of Saturn connectivity, which will allow reservations booked on the Deem platform by Corporations and Travel Agencies to be integrated with the SantaCruz Platform used by major chauffeured transportation services provider.

GroundWidgets successfully completed integration testing with support of the Deem team and received certification from Deem on August 25th, 2016.

GroundWidgets is working with Deem to enable Saturn integration for major limousine operators who operate their business on the SantaCruz platform, starting in October. If you are interested in connecting to the Saturn system using the SantaCruz Platform or wish to learn more about how this can support your business, please contact us at sales.info@groundwidgets.com.
